(SUBJECT.)

Ref.C.No.3600-L-34. South Kanara Collector's Office,

Mangalore, dated 23 - 1 - 1935.

From

E. M. Gawne, Esquire, I.C.S.,

Collector of South Kanara.

To

The Secretary to the Board,

Land Revenue and Settlement,

M a d r a s.

Sir,

Survey - Mangalore Town - Extension -Notification under section 5 of the Madras Survey and Boundaries Act - Publication requested.

I enclose a draft notification under section 5 of the Madras Survey and Boundaries Act VIII of 1923 in respect of the extension block of the Mangalore Town, which is to be resurveyed by the Additional Town Surveyor sanctioned in G.O. No.Ms.2388 Rev.dated 20-11-34 communicated in B.P.6216 Routine dated 26-11-34. It may be kindly got published in the Fort Saint George Gazette and the South Kanara District Gazette for the current month.

Your obedient servant,

For Collector.

~~Draft~~ Notification.

In exercise of the powers delegated under section 5 of the Madras Survey and Boundaries Act VIII of 1923 the Board of Revenue hereby directs the survey, under the provisions of the said Act, of the ~~area comprised in the fields detailed~~ lands specified below, ~~which represents the extension of~~ in the Mangalore Town, Mangalore Taluk, South Kanara District.

List of survey fields included in the Mangalore Town extension block which are to be resurveyed.

Issue 9/2/35

The attention of the Collector is invited to the general notification published in G.O. 3204 Rev. dated 10-10-1917 — page 9 of B.P. 259 dated 26-10-1917. He is requested to explain why he considers a fresh notification necessary ~~for the purpose specified by him~~ as the work involved seems to be only a rectification of survey errors.

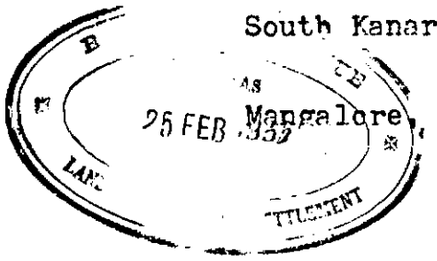
To The Collector of South Kanara.

WS (T.O) G. 7.2.35.

Ref. No. 3600-L-34.

South Kanara Collector's Office,



Mangalore, dated 21st February 1935.

From

E. M. Gawne, Esq, I.C.S.,

Collector of South Kanara.

To

The Secretary to the Board,

Land Revenue & Settlement,

Madras.

Sir,

Survey--Mangalore Town--Extension--Notification under section 5 of the Madras Survey and Boundaries Act.

Ref:- Board's Ref. G. No. 591-35-1 dated 9th February 1935.

As the necessity for resurvey arose not on account of the existence of survey mistakes but on account of the revision of the town boundary owing to the extension of the limits of the Mangalore Municipality-a case which did not seem to be quite covered by the notification published in G. O. No. 3204 Revenue dated 10th October 1917--I considered that the publication of a notification under section 5 of the Survey and Boundaries Act, 1923, might be necessary. In its order Ref. G. 4564-34-2 dated 2nd October 1934, the Board has held that such a notification is necessary in the case of fair sized fields requiring survey and demarcation and in respect of the small fields proposed to be merged as sub divisions of bigger fields and also in respect of small isolated fields proposed to be merged as sub-divisions of adjoining fields.

Your obedient servant,

K Gawne

Collector.

~~Order~~ / ~~Resolution~~ Ms. / Rout. No. Rev. Q. 591-35-2, dated 19.3.35. 19____

The Coll.r states that a resurvey is necessary not on account of the existence of survey errors but on account of the revision of the town boundary owing to the extension of the limits of the Mangalore municipality. It is, however, seen from the draft notification submitted by him that the extension to the municipality has already been surveyed and assigned town survey

numbers 1541, 1542 etc
The Coll.r is therefore requested
to explain why a resurvey
of these town survey fields
is necessary, if not for
the rectification of survey
errors.

He is also requested to report whether the resurvey on account of the revision of the Town boundary should be treated in the same way as that of fair copied fields and rough fields referred to in the Concluding sentence of his letter read above.

To The Coll.r of S.Kanara

South Kanara Collector's Office,
Mangalore, dated 5th April 1935.

From

C. I. Paine, Esq, I.C.S.,
Collector of South Kanara.

To

The Secretary to the Board,
Land Revenue & Settlement,
Madras.

Sir,

Survey-- Town Survey--(South Kanara)--Mangalore Municipality--Extension--Resurvey of certain fields.

Ref:- Board's Ref. G. No. 591-35-2 dated 19th March 1935.

The area to be resurveyed consists of 273.74 acres in Bolur, Kodialbail and Kadri villages of Mangalore Taluk being part of the area added to the Mangalore Municipality in 1908. This area had previously been surveyed under the revenue cadastral system. After its inclusion in Municipal limits it was not surveyed under the Town Survey system, but was denoted by Town survey numbers by the following method. The revenue survey numbers which the f previously were omitted from the revenue accounts of the n municipal villages and the fields were re-numbered in the various municipal wards to which they were added, in continuation of the last T. S. No. in the respective ward. In the village and taluk copies of the F. M. Books, the new Town survey number was noted on the sketch of the field concerned, the measurements previously noted in links being at the same time converted by calculation into feet in the Town Surveyor's copies of the field maps. The areas of the fields and sub divisions registered in terms of acres and cents were converted into acres and square feet and entered

in the town survey registers.

2. No Record of measurement and Revenue Maps were prepared for the Town Survey numbers thus constituted, the sketches in the F. M. Books doing duty for them. The measurements of field and sub division lines thus obtained by the conversion of old measurements are now found to be inadequate and useless for maintenance purposes for the following reasons (1) The fields have no plottable data as they were measured under the old block map system (2) the old measurements are often incorrect and do not agree with the state of enjoyment on the ground.(3) A stricter standard of accuracy is required under the Town Survey system than under the old survey for revenue purposes as the limit of error allowed for Town surveys under para 10 of App. XIII of B. S. C. 34 A is much smaller than in the case of block map areas.

3. The original proposal was to resurvey all the fields requiring resurvey, of a total extent of 734.67 acres. This was made up of fields falling in the Town Extension, fields listed for resurvey owing to survey errors, and fields proposed for resurvey for other reasons, e.g. land acquisition (please see letters to the Board Ref. C. No. 4135-I-29 dated 14th December 1929, Ref. C. No. 7602-L-30 dated 23.7.30 and Ref. C. No. 7602-L-30 dated 9th October 1930). In the present proposal, fields falling in the town extension have alone been proposed for resurvey. Though survey errors might incidentally be removed during the process, that was not the main object of resurvey. Fields merely requiring rectification of errors have not been included in the present proposal.

4. No notification under section 5 of the Survey and Boundaries Act was published during the resurvey of part of the area in 1931-32. The Board has however since held in its order Ref. G. 4564-34-2 dated 2nd October 1934 that such a notification was necessary in the case of fair-sized fields requiring survey and demarcation and in respect of small fields proposed to be merged as sub divisions. As the process of revising existing field boundaries for purposes not solely connected with rectification of survey errors was common in both cases, I thought that a notification under section 5 of the Survey and Boundaries Act might be necessary in the present case also.

There is no other thing common in the two items of work.

Your obedient servant,

Collector.

Please see the letter from the Collector of South Kanara at page 1 cf.

The Collr. has submitted a draft notification in respect of the re-survey of certain fields in the Mangalore municipality. The resurvey is only to rectify survey errors and the faulty measurement work in the original survey. No notification is necessary for this purpose as proposed by the Collector. The general

pp 3-7 cf

portion marked A at p 12 of (N)

general notification published in G.O. 3204 Rev dated 10-10-1917 is itself sufficient. The Coll^r. may ~~be informed~~ accordingly → perhaps be requested to explain why he considers a fresh notification necessary for the purpose as the work in values seems to be only a rectification of Sy. errors. | p 9 of (M)
